

# Treasures and Tidbits

## From the pen of Sandy Kuschel

One of the great ministers of old made the comparison of the room of grand pianos and the body of Christ. When the piano tuner carefully tunes each piano with the same tuning fork then all of the pianos will be tuned to each other. So it is in the body of Christ. When each individual believer is tuned in to the same Spirit, then it will also mean that they will be tuned in to each other. This produces a unity of the body that can only result in spiritual "success". What I mean by "spiritual success" is that the body will be operating in obedience to the Spirit of God and He will have His rightful place. We are living in a time that the Bible prophets and teachers spoke of as the season of the return of Christ. We cannot afford to listen to anyone, and that includes the old man that continually rises up in our lives to distract and hinder the work of the Spirit. We must submit to the Tuning Fork that says you must be stretched this way and pulled into this position in order to be pliable in My hand. It is a perilous time and yet an exciting time; the days ahead should be the greatest according to Scripture. Our latter will be greater than the past. That can only happen when we allow the Holy Ghost to tune us and make us one in the Spirit. That is my prayer for the women of this church and the church as a whole.
